**BACH RESCUE REMEDY**

Thursday, February 19th 2009, 12:01 PM

*A homeopathic solution to stress*

Your heart breaks when your little ones tell you about the bullies at school, their impossible math problems, and the hard time they have concentrating in class. You wish there was something you could do to make all their problems go away and you vow to find a solution. Bach – the leader in homeopathic remedies – may just be that solution.

They have come-out with a line of remedies for children -- Bach Kids – which are all-natural, alcohol free, non-narcotic healing products that can help relieve children's stress, build confidence, and focus attention. Like Bach's 70 year old Original Flower Remedies and Creams for adults, the Kids line is created from a combination of flowers recognized for their healing powers.

While the adult line features wide array of remedies, creams, and sparays to choose from, the Bach Kids' line has 3 options --

Bach Kids Rescue Remedy for stress – the children's version of Dr. Bach's original blend of five individual flower remedies. Rescue Remedy helps eliminate the negative emotions that lead to stress in a number of situations think – the upcoming school, play.

Bach Kids Confidence Remedy for confidence -- created specifically to give children a safe and all-natural boost to aid in overcoming the frustrating obstacles of self-doubt and shyness that can hinder a child's performance in school or in new social situations.

Bach Kids Daydream Remedy for lack of concentration -- helps reign in your child's misdirected energy by bringing the focus into the present – essential for productive days in the classroom.

So, now that you've helped alleviate your kid's worries and stressors, you can relax and take five - at least just before you're hit with the next problem requiring a "mommy solution".
